KEDOSHIM 5784

ADAR 5784- THE WORLD CRUMBLING

Hashem has allowed the world to start crumbling since 5760, and especially since 5780 at the onset of corona. The Israeli government is in middle of crumbling already for the last year and a half. For two decades already, Iran keeps planning in all different ways of how to destroy the country. Precisely after Purim, which is from the word *porer*, crumbling, Iran has done something unprecedented, bringing their plans of destruction into the active sense. The process of the world's crumbling will become manifest in everything. It already became revealed in the war between Russia and Ukraine which is going on for more than two years already, which has openly begun the process of World War III. Now the final world war is continuing, with the crumbling of all of Israel's government and security, etc. And the Torah world is crumbling too, since all the impurity of the world has breached its once-sheltered walls. We need to understand that now that this crumbling has begun, there will be no more stability in the world, and everything will become dangerous, both physically and spiritually. The entire world is in total danger, and the Torah world especially, and especially now with the draft decree on all bnei Torah, which was made with the goal of trying to totally destroy the entire Torah world. And therefore the *avodah* of every individual is: Be strong! Be strong! Be strong! In Hashem and His Torah! For that is the only stability that remains, and nothing else!

Awaken yourselves now to secure yourself for eternity, in the world that will be entirely good, where there is nothing except Hashem and His Torah.

END OF NISSAN 5784

As is well-known, the fourth and final exile is called the Galus of Edom, and at the end of Galus Edom it becomes Galus Yishmael, where Edom serves Yishmael. As we can see, the whole world is full of Arabs.

The Gra on Tikkunei HaZohar writes that at the end of the fourth exile, light and darkness will serve together as a mixture, just as in the beginning of Creation, before Hashem separated the light from the darkness. That mixture is essentially the Eirev Ray, which mixes one exile within another exile, mixing Galus Yishmael into Galus Edom.

One who wants to understand the current period should learn in-depth the verses of Bereishis until the words “And He separated the light from the darkness”

The Gra On Tikunei HaZohar writes that “In the end of the Galus, the *daas* rises to *Ayin*, and none of us can know what will be.” This means that everything now is *Ayin*, and *daas* has become hidden within *Ayin*, so **we cannot understand anything that’s happening**. All the events of our times are hidden within these verses, as well as all that’s going to happen until the end of the 6000 year era we are in.

[However,] One who is connected to the level of *Ayin* will be able to understand the period we are in, which corresponds to the light before Hashem separated the light from the darkness.

QUESTION The Rav had said that those who *chas v'shalom* remain connected to the 50th Gate of Impurity (those who have internet devices, even if it's filtered) can't be by the Geulah since the Geulah is the 50th Gate of Holiness – but don't we know that the Infinite Light of Hashem will fill the Empty Void which is the 50th Gate of Impurity, and there is a posuk that Hashem dwells even within the worst impurity...?

ANSWER They will become part of the Empty Void, then they will become *batel* (nullified) and then the Infinite Light will enter the Empty Void, but they will not have a personal experience of it, rather they will just be part of the Empty Void.

QUESTION Should we daven that every individual should be zocheh to complete teshuvah and be worthy of Geulah? Or, should we daven that Hashem should awaken each person to do the *teshuvah* that's necessary? Or, should we just leave everything up to Hashem that He's doing everything and we shouldn't be worried about what will happen, and we should just simply daven the Geulah should come.

ANSWER All of this true. We need all of these aspects!

QUESTION When will this war end ??

ANSWER This is known only to the Hidden Wisdom [of G-d], the *Chochma Sesimaah*. It is unknown to anyone when it will end. It is closed and unknown, it is not revealed, and anyone who claims to know when it will end does not know. No one in the world knows, and even in Heaven it is unknown - to the souls [there] and certainly it isn't known to the angels, in Heaven. It is closed and sealed, and only HaKadosh Baruch Hu knows when the world will finish.
